Subject: RE: Best Practices for Community Involvement at Oak Ridge Reservation

My understanding is that the “Best Practices for CI at ORR” meeting with DOE is about best practices in general, and suggestions EPA has regarding stakeholder involvement at ORR, but that it is not about whether EPA expects an additional public comment period for the EMDF ROD.

On that matter of additional public comments on the EMDF ROD, my understanding is that issue has been posed to the R4 RA and that he believes the decision will b made by HQ. I don’t know the process by which that will happen. I’m cc:ing Glenn for his input.

Hey Cathy,

I am planning to set up a conversation after this meeting with more HQ to discuss specifically what input EPA HQ will give to Region 4 to help your conversations with the Region 4 RA. Does that line up with our previous conversations? Let me know if it does not.

Thanks,
Emy
